

Hogar Controls - Digitize your world

Whether at home or in the office, we all aspire to create a living space that reflects our individuality. At Hogar, we believe it's the smallest details that make the difference. That's why we have worked with the leading architects and interior designers, to turn our technological dreams into reality, creating exceptional products, characterized by exclusive designs. At the heart of each stunning design, the functionality is just as good as the aesthetics. So, whether it be a light switch, electrical socket or electronic dimmer, every product offers the ultimate in safety and reliability — and provides the user with complete peace of mind. Also, because each product is made by the global experts, they're built with reliability to last, exceed British Safety Standards and come with the longest guarantee on the market. The Hogar Touch Collection brings a distinctive yet harmonious flair that will complement every contemporary residential interior. Thanks to our design and production talent, the choice of designs and finishes available for our switches, electrical sockets and dimmers offers effortless refinement and ultimate sophistication. And, as you'd expect, our high standards and reputation for technical distinction also ensure a trustworthy performance that's as flawless as the products themselves. As the original touch switch makers, we're always touched on to innovative ideas and new possibilities. Be it touch switches and dimmers, or electrical sockets, one thing has always remained the same: the quality. It's this devotion to the very highest standards that has kept us at the forefront of smart home automation. Touch on to unlimited flexibility - Our custom design service means we can create tailor-made touch accessories to any requirement. So, if you can imagine it, Hogar can make it.

DISCOVER A WORLD OF DIGITAL LUXURY

Your life is already digitally connected. Shouldn't your home be too?
Hogar Controls is the smart home at its best; It's a new way of life that will work for ever one.

Hogar Controls®

Smart home just got smarter, simpler and affordable with **Hogar Controls**, the future of Home Automation. Because of its unique ability to simply replace regular electrical switches, **Hogar Controls** innovative use of wireless technology gives you all of the benefits of a typical home automation system without the need for expensive infrastructure, renovations or complicated, wired installations.

At the swipe of your fingertip, you can control the lights, blinds, arm your security system or control your HVAC through an app on your favorite smart device. Should your device ever malfunction or just prefer not to use one, controlling these features of your home can be done simply by touching the **Hogar Controls** Touch Switches.

Through innovative wireless technology and ease of use on your favorite mobile device or the sleek switch itself, this system offers unparalleled flexibility such as automate-at-your convenience capabilities and easy to install switches.

Hogar Controls Touch panels fits right into the existing electrical boxes and does not require new wires. It's innovative assembly and snap-in system makes it fast and simple to install.

Now you can also upgrade your interior design with Hogar Controls elegant glass touch panels which give you the benefit of functioning through a central controller.

REINVENT YOUR HOME,
REINVENT YOURSELF.

YOUR DIGITAL HOME

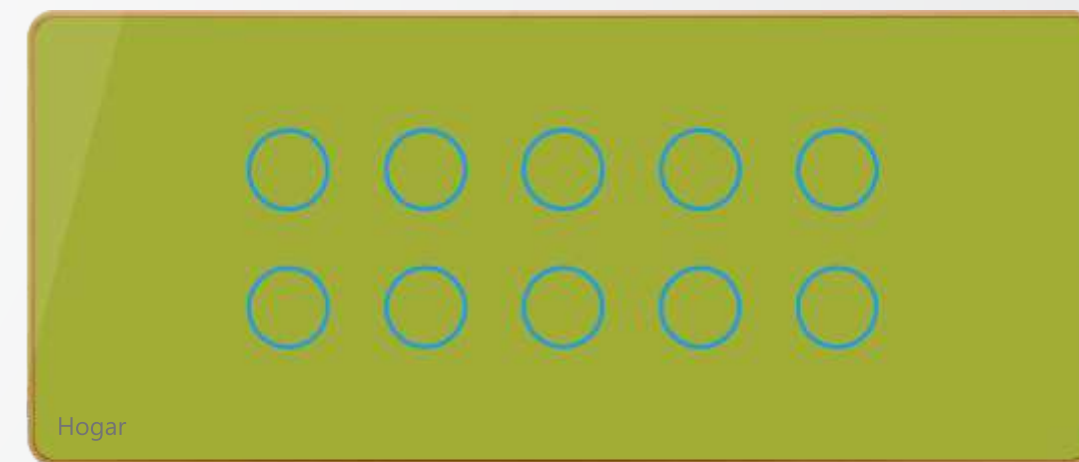

Today all of your home appliances are digital
Shouldn't your electrical Switches, which you use the most, be too?

TOUCH ON TO YOUR SENSES WITH HOGAR.
FEEL ALIVE.

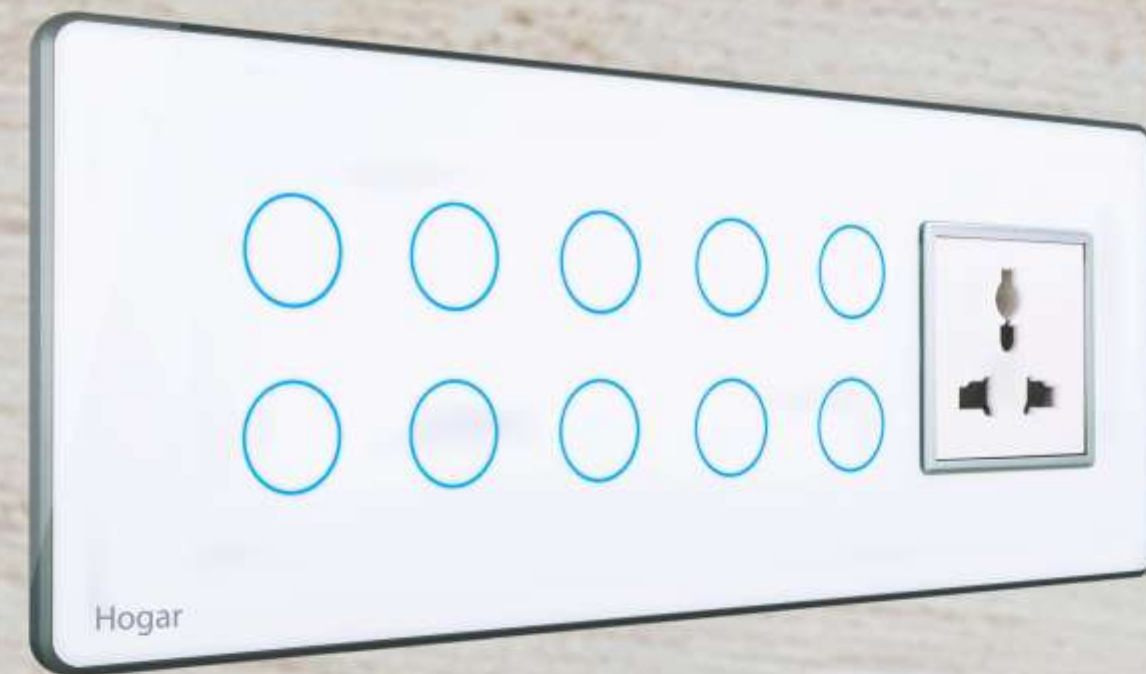

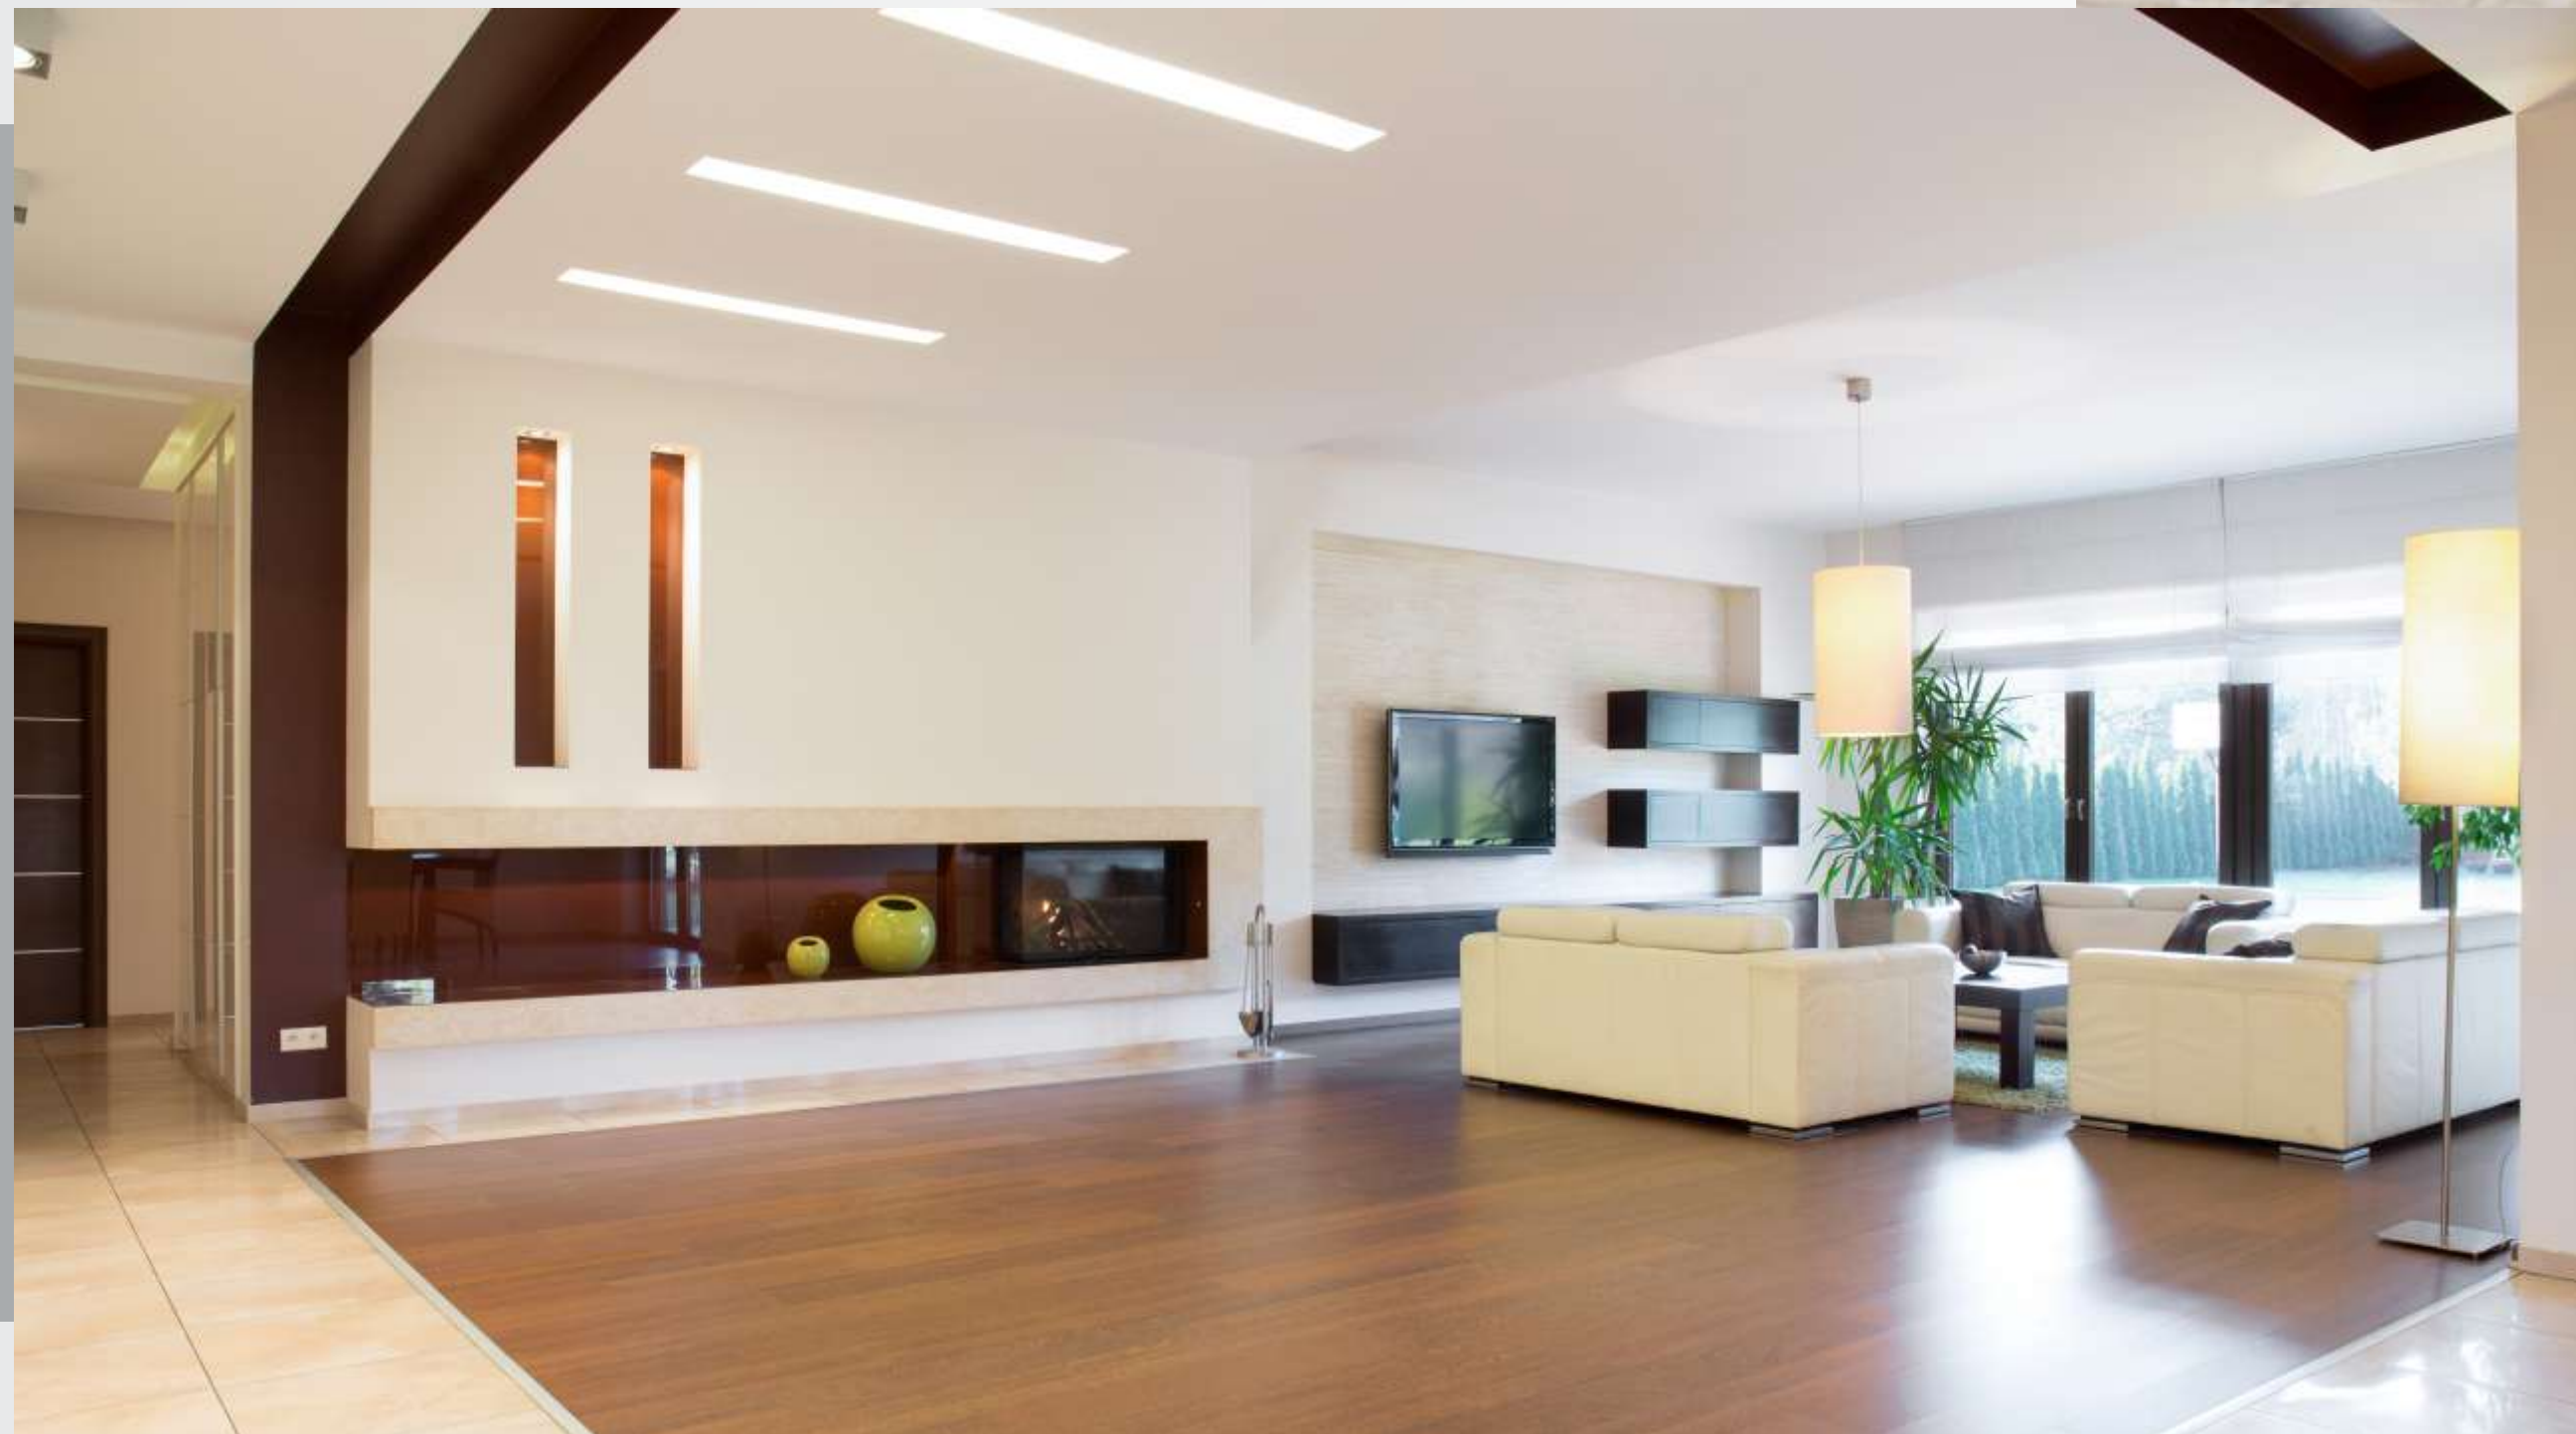

It will be love at first touch as you enjoy the comfort and stability of knowing **Hogar Controls** is always there.

The Hogar Controls Touch Panels Design gives you the most flexibility,
making replacement and installation a breeze.
Blending the switch into the décor, blending style with technology.

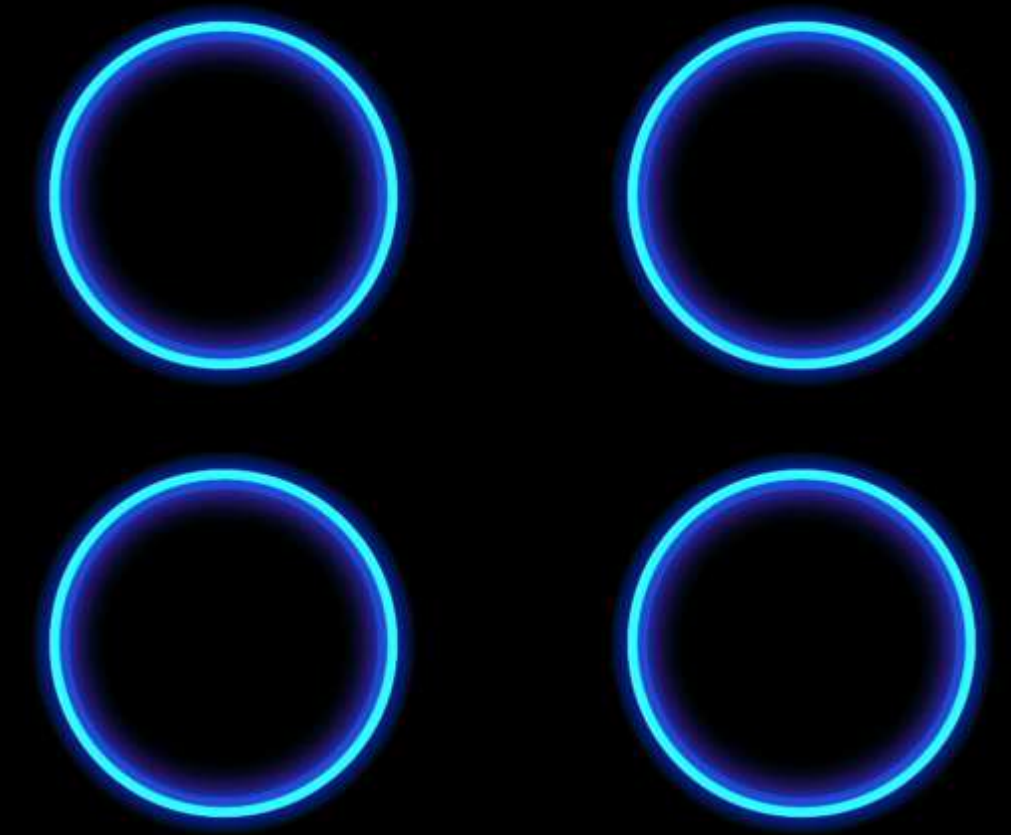

Add a Touch of genius to your smart home.
Because you deserve a home that's both smart and beautiful.

Total Control from every where .
Near or far, home or away,
Hogar Controls puts you in charge 24/7

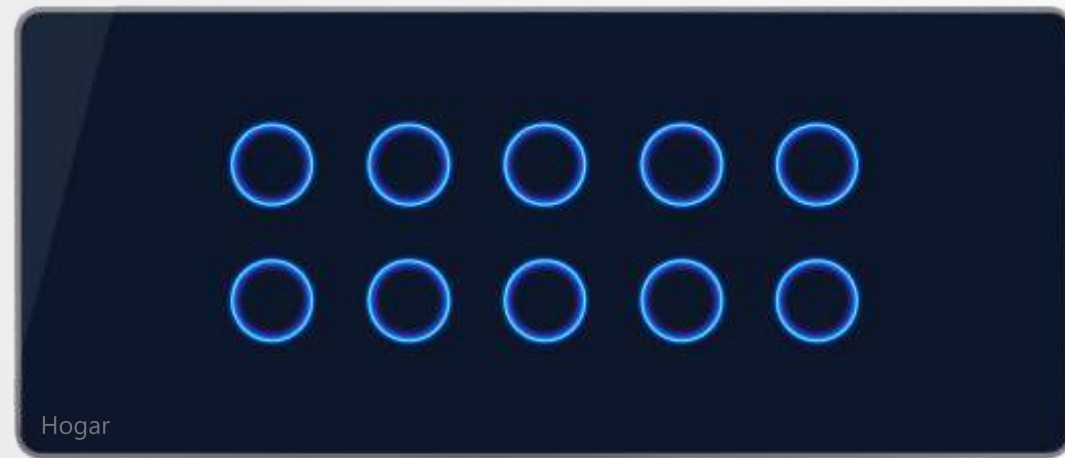

Boundless Wireless Communication.
Each **Hogar Controls** Touch Switch can control any device
in your home, since all the switches are loaded with our
Z-Wave plus or Zigbee or Wifi Modules (Variants to Choose).

Hogar Controls Touch Panels have a Blue or Red backlight
that gives out a soft gentle glow and lets you find them
easily in the dark.

Hogar TOUCH

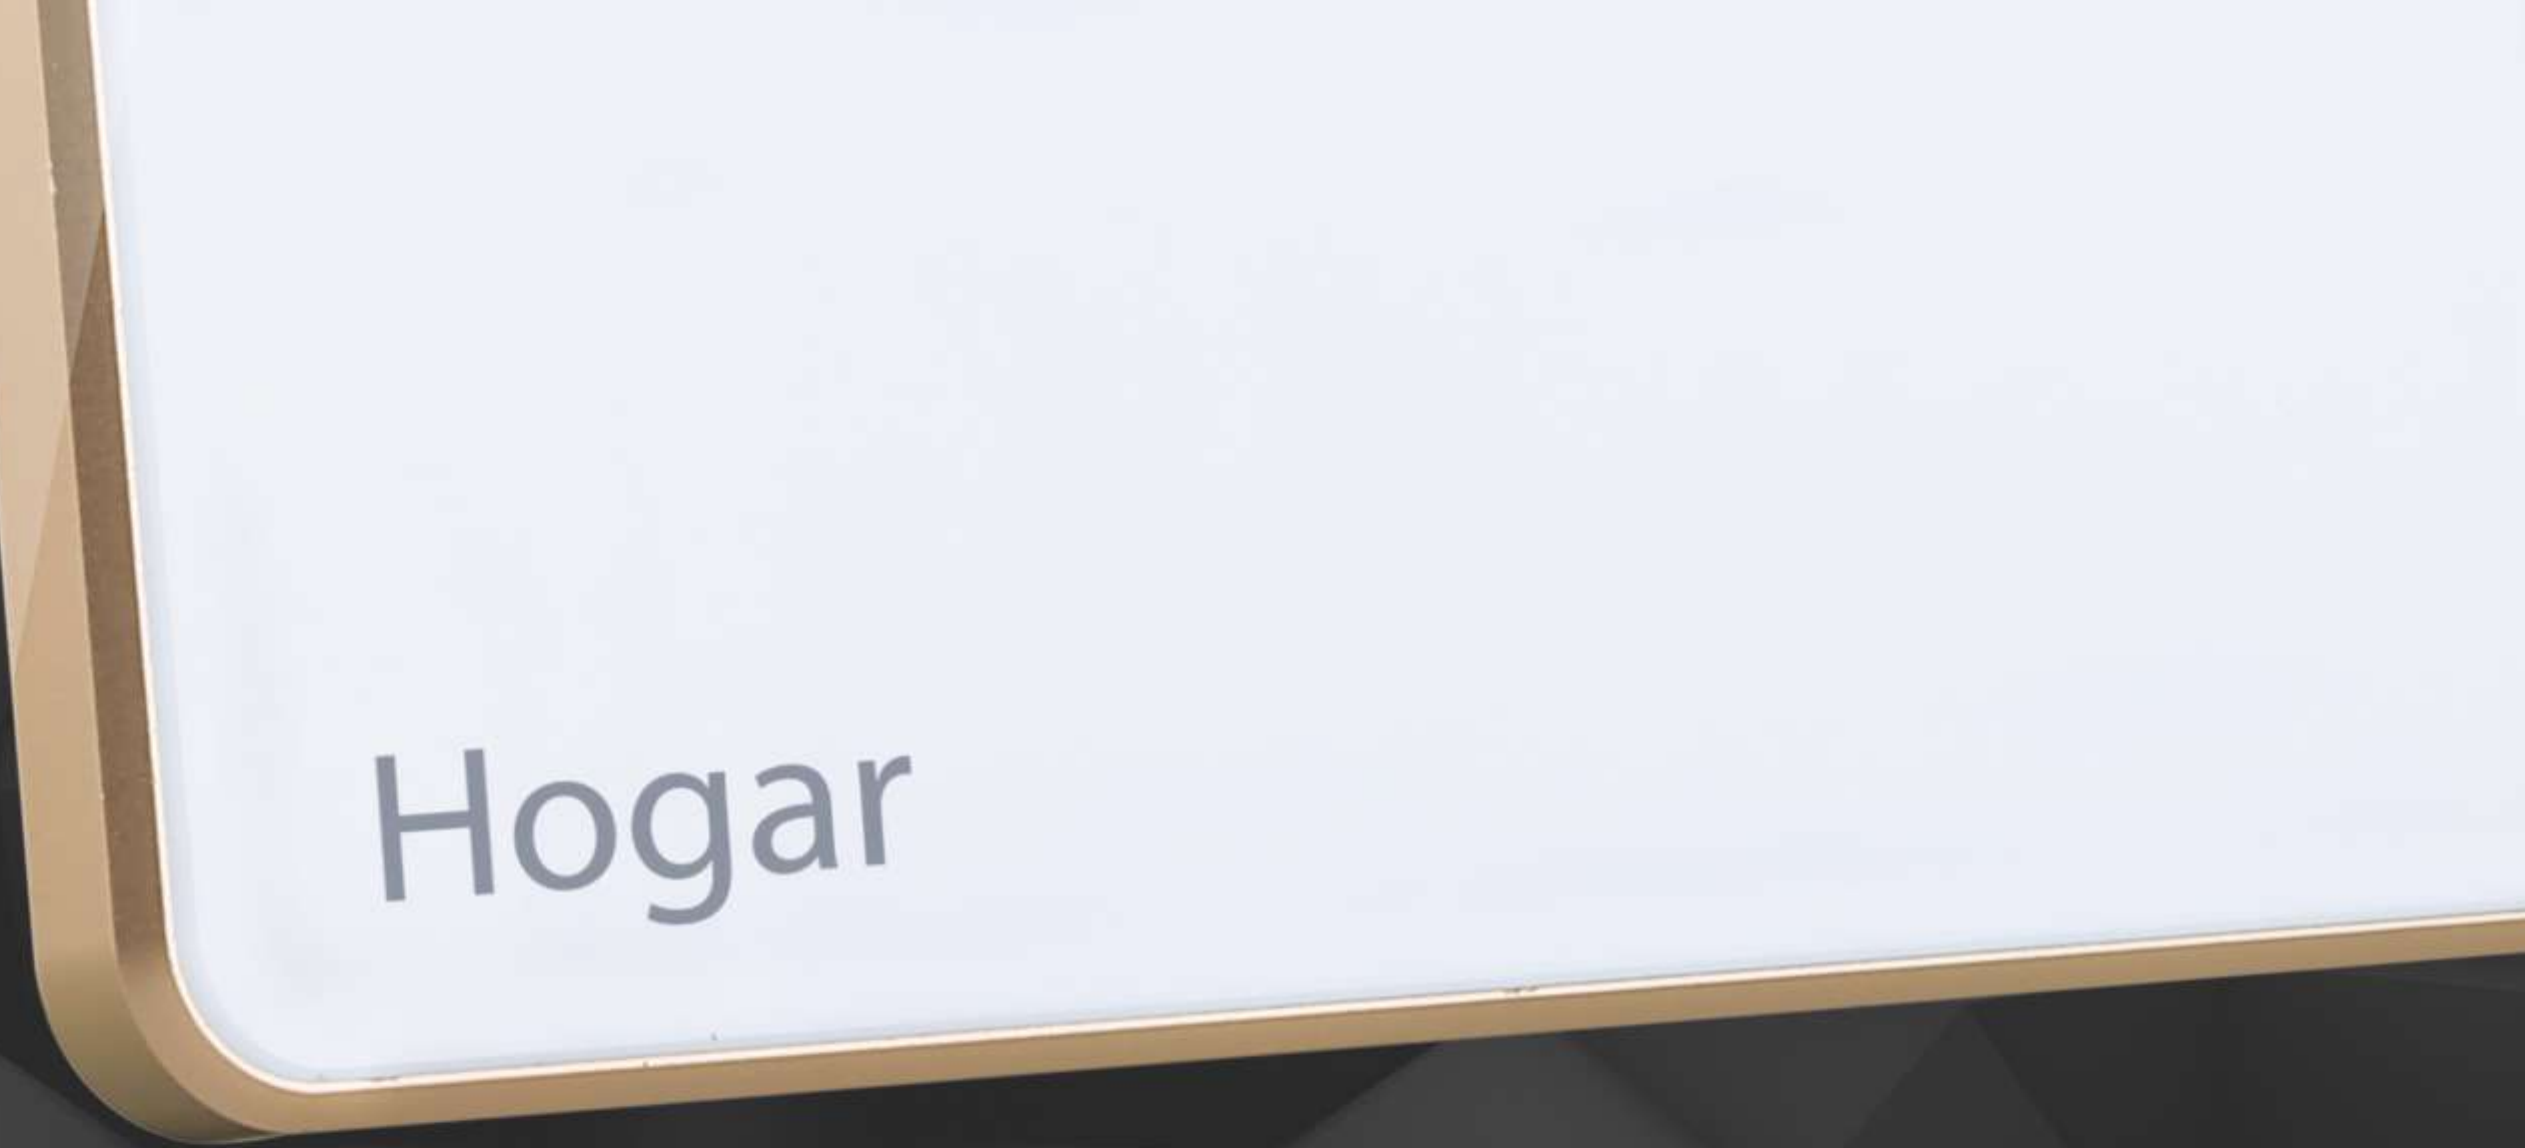

Hogar Touch Panels gives you the freedom to create your own lighting in both residential and commercial settings at the touch of a button, letting you change lighting scenes for every ambience and every event. From dinner parties to executive meetings, you control the scene. Each scene can have an unlimited number of lighting or any connected device controls.

Upgrade your interior without a second thought,
bring the finer things in life into your home and office with **Hogar Controls** Touch Panels.

DESIGN

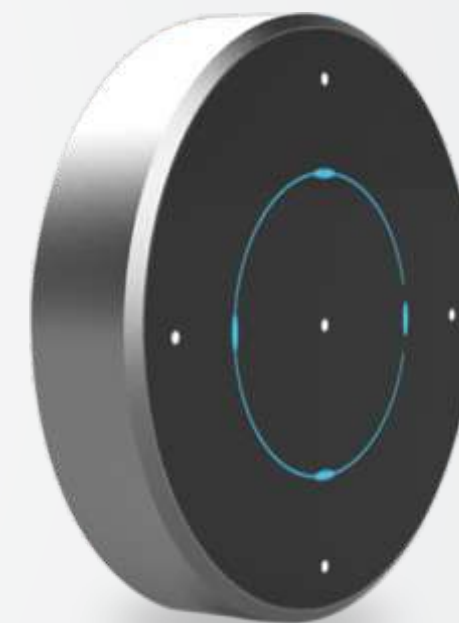

Today all of your home appliances are digital
Shouldn't your electrical Switches, which you use the most, be too?

Designed with Intelligence, **Hogar Controls** Touch Panels are easy to upgrade. Every lighting point within the smart system is controlled through individual module, thus eliminating the hassle of rewiring and ensuring the prevention of a single light or switch from affecting the entire system. **Hogar Controls** expandability gives you flexibility to add switches and dimmers to meet your needs as your tastes evolve or as you choose to remodel your home.

Easily changeable front cover plates provide further opportunities to create a new style. Every **Hogar Controls** switch can accept commands from more than one control source giving ultimate control and flexibility in setting different combinations of lights to meet the needs and desires of every user.

PEBBLE

The Ultimate Touch Switch.

Hogar Controls take you to another level of inspired living, with touch. 3D Touch Button enables remote operation of lighting moods. It is wire-free, battery operated and can be attached to virtually any surface and position including glass and other smooth materials.

TECHNOLOGY SIMPLIFIED

Wireless Control

Hogar Controls Z-Wave technology offers you a 360° coverage and boundless connectivity. Hogar Controls sleek, stylish, ergonomically designed button is designed to fit into your lifestyle effortlessly.

Socket Series

The power, data and TV wall sockets come in a range of colours and materials which are also identical to your **Hogar Controls** touch switches and dimmers, achieving a beautifully coordinated design motif throughout.

Retro Quick fit

Hogar Controls revolutionary technology makes installation quick and simple. Amazing but true, installation has no complex rewiring and can be done in 5 minutes. Simply remove your original switch and replace it with an Hogar switch with no rewiring required. **Hogar Controls** Touch Panels allows retrofitting to fit any existing system and can be changed as your space evolves. Use Hogar Controls Touch Panels to save money and time with easy installation and no rewiring.

FAQ'S

One Touch Scene Control Automation

Expandable, easy to upgrade and easy to program, **Hogar Controls** Touch Panels define the art of fine lighting. Programming couldn't be easier, just set switch to program mode, adjust your lighting, and save it to memory. Lighting scene changes can be carried out anytime according to your mood and taste. Preset your programs for romantic dinners, family time or an elegant evening of entertainment. At a single touch, all your lights and entertainment devices will be at your command to bring the occasion to life.

The technology gives you a seamless integration of all your switches. **Hogar Controls** gives you the luxury of wirelessly controlling any switch with pre-programmed lighting scenes virtually through walls. The control signals go beyond four walls to cover a remarkably large radius, which lets you literally control the lights from anywhere.

Switches & Dimmers

With no complex components or wiring, **Hogar Controls** ultra-slim switch and dimmer will slot neatly into your existing light switch housings. Once installed, you can simply start creating and storing your ideal lighting settings.

CONTROLLERS

HC Pro

Product Code: HC-02
Description: Home Controller Pro with Z-wave, Zigbee and WiFi

HC Mini

Product Code: HC-03
Description: Home Controller Mini

WALL PAD CONTROLLER

Product Code: HC01
Description: Everything you need at Your Touch

TOUCH PANELS

1 Touch panel

Product Code: HTP-1S0-XX
Description: 1 Touch Panel, Relay or Scene controller mode with Load current Max 8A.
Standard 2 Gang box compatible

Metal Brim: ☐ W-White ☐ B-Black ☐ G-Grey ☐ R-Rose Gold
Glass Panel: ☐ W-White ☐ B-Black

1 Touch panel Hi Power

Product Code: HTP-1SH-XX
Description: 1 Touch Panel, Relay or Scene controller mode with Load current Max 16A.
Standard 2 Gang box compatible

Metal Brim: ☐ W-White ☐ B-Black ☐ G-Grey ☐ R-Rose Gold
Glass Panel: ☐ W-White ☐ B-Black

1 Touch panel Dimmer

Product Code: HTP-1SD-XX
Description: 1 Touch Panel, leading edge dimmer compatible with incandescent bulbs and dimmable LED's 220V AC.
Standard 2 Gang box compatible

Metal Brim: ☐ W-White ☐ B-Black ☐ G-Grey ☐ R-Rose Gold
Glass Panel: ☐ W-White ☐ B-Black

2 Touch panel

Product Code: HTP-2S0-XX
Description: 2 Touch Panel, Relay or Scene controller mode with Load current Max 8A each.
Standard 2 Gang box compatible

Metal Brim: ☐ W-White ☐ B-Black ☐ G-Grey ☐ R-Rose Gold
Glass Panel: ☐ W-White ☐ B-Black

3 Touch panel

Product Code: HTP-3S0-XX
Description: 3 Touch Panel, Relay or Scene controller mode with Load current Max 8A each.
Standard 2 Gang box compatible

Metal Brim: ☐ W-White ☐ B-Black ☐ G-Grey ☐ R-Rose Gold
Glass Panel: ☐ W-White ☐ B-Black

4 Touch panel

Product Code: HTP-4S0-XX
Description: 4 Touch Panel, Relay or Scene controller mode with Load current Max 8A each.
Standard 2 Gang box compatible

Metal Brim: ☐ W-White ☐ B-Black ☐ G-Grey ☐ R-Rose Gold
Glass Panel: ☐ W-White ☐ B-Black

4 Touch panel with Socket Slot

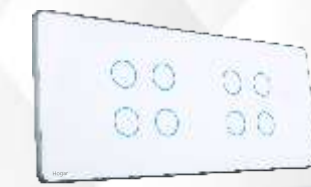

Product Code: HTP-4S1-XX
Description: 4 Touch Panel with 1 socket slot, Relay or Scene controller mode with Load current Max 8A each.
Standard 4 Gang box compatible

Metal Brim: ☐ W-White ☐ B-Black ☐ G-Grey ☐ R-Rose Gold
Glass Panel: ☐ W-White ☐ B-Black

8 Touch panel

Product Code: HTP-8S0-XX
Description: 8 Touch Panel, Relay or Scene controller mode with Load current Max 8A each.
Standard 6 Gang box compatible

Metal Brim: ☐ W-White ☐ B-Black ☐ G-Grey ☐ R-Rose Gold
Glass Panel: ☐ W-White ☐ B-Black

10 Touch Panel with 2 Socket Slot

Product Code: HTP-10S2-XX
Description: 10 Touch Panel with 2 socket slot, Relay or Scene controller mode with Load current Max 8A each.
Standard 12 Gang box compatible

Metal Brim: ☐ W-White ☐ B-Black ☐ G-Grey ☐ R-Rose Gold
Glass Panel: ☐ W-White ☐ B-Black

TOUCH PANELS

10 Touch panel

Product Code: HTP-10S0-XX
Description: 10 Touch Panel, Relay or Scene controller mode with Load current Max 8A each. Standard 6 Gang box compatible

10 Touch Panel with Socket Slot

Product Code: HTP-10S1-XX
Description: 10 Touch Panel with 1 socket slot, Relay or Scene controller mode with Load current Max 8A each. Standard 8 Gang box compatible

Hogar 1 Socket Glass Face Plate with metallic brim

Product Code: HTP-00S1-XX
Glass Faceplate with 1 socket slot, suitable for 1 No 3 Pin socket or 2 other socket modules.

SOCKET MODULES

Socket Module 2, 3 Pin, TV

Product Code: HSM-2AC-X, HSM-3AC-X, HSM-TVS-X
Description: Standard 2 pin, 3 pin and TV socket

Socket Module USB

Product Code: HSM-USB-X
Description: USB DC 5V 2.1A

Socket Module HDMI

Product Code: HSM-HDM-X
Description: Standard HDMI female connector

Socket Module Closer

Product Code: HSM-SMC-X
Description: Socket closer

INSERT MODULES

Insert Module 2 Ch Relay

Product Code: HIM-2R
Description: 2 Channel Relay insert module with Load current Max 8A each

Insert Module Fan dimmer

Product Code: HIM-FD
Description: 1 Channel FAN speed control insert module with Load current Max 8A, compatible with standard ceiling and wall mounted Fans

Insert Module Light dimmer

Product Code: HIM-LD
Description: 1 Channel leading edge insert module dimmer compatible with incandescent bulbs and dimmable LED's 220V AC

Insert Module RGB

Product Code: HIM-RGB
Description: 4 Channel PWM 0-10V RGBW insert module dimmer, compatible with RGBW or RGB strip lights. Each channel output 36W

Insert Module Roller Blind

Product Code: HIM-RB
Description: Strong current Roller Blind and Curtain Control insert module, 220V AC 8A with calibration feature

INSERT MODULES

Insert Module Curtain

Product Code: HIM-CM
Description: UART Insert curtain module, compatible with RS485 communication motors

SENSORS

Hogar door sensor

Product Code: HS-DS-ZX
Description: Wireless Door magnetic contact with inbuilt Humidity and temperature sensors

Hogar multi sensor

Product Code: HS-MS-ZX
Description: Wireless PIR Sensor with inbuilt Humidity, lux and temperature sensors

Hogar Gas sensor

Product Code: HS-GS-ZX
Description: Gas sensor, 220V AC powered with inbuilt siren

Hogar Smoke sensor

Product Code: HS-SM-ZX
Description: Wireless Smoke sensor inbuilt temperature sensor

Hogar CO sensor

Product Code: HS-CO-ZX
Description: Wireless Carbon monoxide Sensor

SCENE CONTROLLER

Hogar Pebble

Product Code: HC-TB-ZX
Description: Wireless 3D touch button, with 10 scene control functionality

AV AC CONTROLS

Hogar IR controller

Product Code: HC-IR-WI
Description: 360 Degree IR blaster with IR learning feature

Hogar VRV AC controller

Product Code: HC-VRV-ZX
Description: Central AC VRV system controller

Hogar Multi room Audio amplifier

Product Code: HC-MA-WI
Description: Wireless multi room audio amplifier with stereo output 50W each channel.
